

RWOSE

Electronic Press Kit

Rwose has produced music inspired by synthesizers,
natural sounds
and
cyberpunk culture from many of the most popular films in the genre.

Sunflower

The single SUNFLOWER,
was inspired by seeing excited kids playing outside
after a long drawn out covid isolation.

The artist Rwose,
just like everyone else
faced many obstacles throughout the lockdown and isolation,
lacking inspiration and motivation but this all changed
after a chance encounter after the lockdown was over.
